

**GERMAN SHEPHERD DOG CLUB OF AMERICA-
WORKING DOG ASSOCIATION, INC.**

March 21, 2015

Dear WDA Members:

The WDA and GSDCA went into mediation on March 19, 2015, to discuss resolution of their lawsuits. The mediation was conducted by a retired United States Federal Court Magistrate Judge.

The rules governing mediation prevent all the parties from disclosing any of the mediation details. In this regard, I apologize that I cannot share any of the mediation particulars with you. I, however, will confirm that the parties are continuing their settlement discussions. The WDA is prepared to participate in additional mediation sessions, as needed.

The WDA remains optimistic and believes that there is motivation for the parties to settle. As part of its March 18th ruling and findings, the Court (1) warned the GSDCA that it faces significant exposure for substantial monetary damages to the WDA and (2) advised the WDA that there is a possibility that the Court could decide not to force the parties to stay together under the terms of the perpetual contract which binds the two parties together.

I express my sincerest thanks to each of you for your understanding and patience. I also thank all of the members who have renewed their WDA membership. Your demonstration of support is truly and deeply appreciated.

Dan

Dan Yee
President, GSDCA-WDA
